Staff Code of Conduct

To be read in conjunction with the national guidance: 'Guidance for safer working practice for those working with children and young people in education settings – February 2022'

1. Definition

1.1. References made to 'child' and 'children' refer to children and young people under the age of 18 years. However, the principles of the document apply to professional behaviours towards all pupils, including those over the age of 18 years. 'Child' should therefore be read to mean **any pupil** at the education establishment.

1.2. References made to adults and staff refer to all those who work with children in an educational establishment, in either a paid or unpaid capacity.

1.3. The term 'allegation' means where it is alleged that a person who works with children has

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child; or,
- behaved towards a child or children in a way that indicates they may pose a risk of harm to children.

2. Introduction

2.1. Schools have a legal duty to create and maintain a safe learning environment for children. A staff Code of Conduct is a **mandatory** requirement as described in the DfE statutory guidance: 'Keeping Children Safe in Education 2024' (paragraph 98).

2.2. The school seeks to provide a safe and supportive environment which secures the well-being and very best outcomes for children in our care. The following code draws together existing laws, regulations and conditions of service designed to protect the interests of staff and volunteers and the children with whom they work and this has been agreed following consultation with recognised trade unions and is recommended for adoption.

2.3. Staff should be aware that a failure to comply with this code could result in disciplinary action including dismissal.

3. Purpose and Scope

3.1. All staff and volunteers working in a school setting have a legal and moral duty to keep children safe and protect them from harm. Staff should ensure they do not put themselves in situations in which allegations of abuse or inappropriate behaviour could be made.

3.2. This code applies to all adults working in schools whatever their position, role or responsibilities.

3.3. All staff have a responsibility to be aware of systems within their school which support safeguarding, which should be explained as part of staff induction and through regular staff training.

3.4. The code should be read in conjunction with the relevant statutory and other guidance documents issued nationally or by the DfE and Home Office as well as other related school policies (see **Appendix 1** of this policy).

3.5. This code cannot cover every eventuality. Its purpose is to show the standard expected of staff but it does not replace the general requirements of the law.

3.6. All staff employed under Teachers' Terms and Conditions of Employment have a statutory obligation to adhere to the 'Teachers' Standards 2012' and in relation to this code, Part 2 of the Teachers' Standards - Personal and Professional Conduct which this code supplements.

3.7. It is recognised that the vast majority of adults who work with children act professionally and aim to provide a safe and supportive environment which secures the well-being and very best outcomes for children in their care. Achieving these aims is not always straightforward, as much relies on child and staff interactions where tensions and misunderstandings can occur. This code aims to reduce the risk of that.

4. Core Principles

4.1. The welfare of the children is paramount.

4.2. Staff are responsible for their own actions and behaviour and should seek to avoid any conduct that would lead any reasonable person to question their motivation or intentions.

4.3. Staff are expected to maintain a professional standard of conduct, not only in regards to interactions with children in their educational establishment, but to extend this courtesy to their colleagues, parents and visitors of the establishment.

4.4. Staff should dress appropriately at all times for the tasks they undertake and ensure they promote a positive and professional image. Further guidance to this is given in the staff handbook.

4.5. Staff should apply the expected professional standards of behaviour and not discriminate against anyone in relation to their age, disability, sex or gender reassignment, marriage or civil partnerships (in particular with adults in contact with the establishment), pregnancy or maternity, race, religion or belief or sexual orientation.

4.6. Staff should not consume or be under the influence of alcohol or substances, including prescribed medication that may affect their ability to care for children.

4.7. Staff should be aware that breaches of the law and other professional guidelines could result in disciplinary action being taken against them, criminal action and/or other proceedings including barring by the Disclosure & Barring Service (DBS) from working in

regulated activity, or for acts of serious misconduct, prohibition from teaching by the National College of Teaching & Leadership (NCTL).

4.8. Staff and managers should continually monitor and review practice to ensure this guidance is followed and should understand their responsibilities to safeguard and protect children.

4.9. Staff should discuss and/or take advice promptly from their line manager or another senior member of staff over any incident which may give rise to concern.

4.10. Records should be made of any incident and decision made or where further actions have been agreed, in accordance with school policies and confidentiality.

4.11. All staff should know the school's Designated Safeguarding Lead and be familiar with local child protection arrangements, arrangements for managing allegations against staff, whistleblowing procedures and their Local Safeguarding Children Board (LSCB) procedures.

4.12. Staff should be aware of and comply with the school's financial and administrative regulations and any other procedure manuals.

5. Conduct and Behaviour (refer to full guidance in 'Guidance for safer working practice for those working with children and young people in education settings – February 2022')

5.1. All staff who work in a school setting are in a position of trust in relation to individuals in their care and so must adopt high standards of personal integrity and conduct and behave in such a way that does not compromise their position both within and outside of the workplace or the safety and/or welfare of children and young people.

5.2. Staff should be aware that it is a criminal offence (Sexual Offences Act 2003: abuse of a position of trust) to engage in sexual activity with a pupil under the age of 18.

5.3. Teachers are expected to demonstrate consistently high standards of personal and professional conduct in accordance with the minimum professional Teaching Standards.

5.4. Staff should never make (or encourage others to make) comments, either to the children colleagues, parents or visitors of the establishment, that are intended, or can be interpreted to be, unprofessional, demeaning or humiliating.

5.5. Staff should not use physical force as a form of punishment.

5.6. Staff should always adhere to the school's policies on Behaviour Management and Use of Reasonable Force.

5.7. Staff should not use any information obtained in the course of their employment for personal gain or benefit. Nor should they pass it on to others who might use it in such a way.

5.8 Staff must observe proper boundaries with pupils that are appropriate to the teacher's professional position. They must act in a fair and transparent way that would not lead anyone to reasonably assume they are not doing so. If staff members and pupils must spend time on a one-to-one basis, staff must ensure that:

- This takes place in a public place that others can access
- Others can see in to the room
- A colleague or line manager knows this is taking place

Communication and Social media

(refer to full guidance in 'Guidance for safer working practice for those working with children and young people in education settings – February 2022:' Section 11)

5.9 School staff's social media profiles should not be available to pupils. Staff should not attempt to contact pupils via social media, or any other means outside school, in order to develop any sort of relationship. Staff will ensure that they do not post any images online that identify children who are pupils at the school without their consent.

If staff have a personal profile on social media sites, the profile should be set to private. It is recommended that they should not use their full name, as pupils may be able to find them. Staff should consider using a first and middle name instead. If staff are in any doubt about forming connections with parents on social media, then advice should be sought from the Headteacher.

It is acknowledged that staff may have genuine friendships and social contact with parents of pupils, independent of the professional relationship. Staff should, however, also be aware that professionals who sexually harm children often seek to establish relationships and contact outside of the workplace with both the child and their parents, in order to 'groom' the adult and the child and/or create opportunities for sexual abuse.

Staff should be aware of the school's online safety policy and adhere to it.

5.10 Staff will not use technology in school to view material that is illegal, inappropriate or likely to be deemed offensive. This includes, but is not limited to, sending obscene emails, gambling and viewing pornography or other inappropriate content. Staff will not use personal equipment such as tablets and laptops, or school equipment for personal use, in school hours or in front of pupils. Staff may keep mobile phones on their person but should have them set to silent. Staff will only use their mobile phones away from pupils and in staff areas such as staff room/ office area. They will also not use personal mobile phones or cameras to take pictures of pupils. We have the right to monitor emails and internet use on the school IT system. Staff should have read and agreed to follow the Acceptable Use (Staff) IT policy.

6. Equality Issues

6.2. All adults and children at the school have a right to be treated at all times with fairness, equality and without discrimination.

7.1. All staff involved in recruitment and selection processes should ensure that appointments are made on the basis of merit, without discrimination and in accordance with the school's recruitment and selection policy and procedure.
